NOTES/INSTRUCTIONS

For Members opting for e-voting

The Company is pleased to announce that it is offering remote e-voting facility as an alternate, for Members to enable them to cast their vote electronically instead of voting at the venue of AGM through physical ballot paper. For the procedure to be followed for remote e-voting by Members, kindly refer to Notes of the Notice of AGM.

Last date for remote e-voting is the close of working hours (05:00 P.M.) on 29th September, 2023.

For Members opting to vote by Physical Ballot paper

A shareholder desiring to exercise his/her vote by physical ballot are required to be physically present at the venue of the AGM and can give his/her assent or dissent in the ballot paper as annexed hereunder. At the time of physical voting at the venue of the AGM, the ballot paper shall be duly filled and completed and be dropped in the ballot box kept at the AGM venue. Company has appointed a scrutinizer for confirming that the voting through physical ballot paper is being done in a fair and transparent manner. Shareholder can send proxy as well instead of attending the AGM personally and the proxy can vote on his/her behalf. Proxy can vote only after submitting duly filled and signed Proxy Forms. Shareholder/Proxy are requested to bring along with them, the attendance slip, Proxy Form (only in case Proxy attends meeting) and his/her copy of Annual Report and Notice.

Voting rights shall be reckoned on the number of shares registered in the name of members as on 21st September, 2023.

Kindly note that the members can opt only one mode for voting i.e. either by Physical Ballot at the venue of AGM or Remote E-Voting. If you are opting for remote e-voting, then do not vote by Physical Ballot also and vice versa. However, in case member(s) cast their vote both by Physical Ballot and e-voting, then voting done through e-voting shall prevail.

The results declared along with Scrutinizer's Report, shall be placed on the Company's Web-site www.JSTLtd.com and on the web-site of the NSDL within two days of the passing of the Resolutions at AGM of the Company held on 30th September, 2023 and communicated to the MSEI where the shares of the company are listed

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

GLOBAL ECONOMY

It has been a near-normal year after two years of pandemic induced challenges but the global economy continues to face headwinds of rising inflation and tapered growth. According to The World Economic Outlook (WEO) update, the world economic output growth slowed down to 3.4% in CY2022, after growing by 6.0% in CY2021. The rise in central bank rates to fight inflation and Russia's war in Ukraine continue to weigh on economic activity with its impact likely to spill over to CY2023 as well. The rapid spread of COVID-19 in China also dampened growth in CY2022, but the reopening has paved the way for a recovery. Stronger than expected private consumption and investment amid tight labor markets and greater than anticipated fiscal support helped the major economies.

The IMF expects growth in CY2023 to be 2.8% with a gradual pick-up in CY2024. The economic activity is expected to remain sluggish mainly due to slow down in advanced economies. For advanced economies, growth is projected to decline sharply from 2.7% in CY2022 to 1.2% in CY2023 amid financial sector turmoil, high inflation, ongoing effects of Russia's invasion of Ukraine, and three years of COVID. The growth in US slowed down in the second half of the year to end at a mere 0.9% in CY 2022 and is expected to remain at 1.0% in CY2023 due to the steeper path of Federal Reserve rate hikes. Interest rate risk, the root cause of financial sector turmoil could mean a tough road ahead. Growth in the Euro area is expected to bottom out at 0.7% in CY2023 reflecting the effects of faster rate hikes by the European Central Bank, lower wholesale energy prices, and additional announcements of fiscal purchasing power support in the form of energy price controls and cash transfers.

For emerging market and developing economies, growth is projected to rise modestly, from 3.9% in CY 2022 to 4.0% in 2023. Growth in emerging and developing Asia is expected to rise in CY 2023 to 5.3% after the deeper than-expected slowdown in CY 2022 to 4.3% attributable to China's economy. Growth in China is projected to rise reflecting rapidly improving mobility and full reopening. India's economy on the other hand, will slow down from 6.8% in CY2022 to 5.9% in CY 2023 as per world economic outlook, impacted by rising global inflation and the resultant interest rate hikes. Global inflation is set to fall, although more slowly than initially anticipated, from 8.7% in CY 2022 to 7.0% in CY 2023 as the massive and synchronous tightening of monetary policy by most central banks should start to bear fruit. Commodity prices have generally seen a correction since October 2022. Oil prices also are projected to fall by 24% by IMF in CY 2023, whereas non-fuel commodity prices are expected to remain broadly similar. There are numerous downside risks to weigh on outlook like stalling recovery in China, escalation of war in Ukraine, sudden repricing in financial markets, and geopolitical fragmentation. Also, high post-pandemic debt burden will pose to be an ongoing challenge for many countries over the next few years. The upside though can come through pent-up demand boost

fueled by excess private savings from pandemic fiscal support and in many cases, still-tight labor markets and solid wage growth; or through faster disinflation as easing in labor market pressures in some advanced economies due to falling vacancies could cool wage inflation.

INDIAN ECONOMY

The Indian economy continues to remain fairly resilient in the last year despite the global headwinds. However, it will see a moderation in growth in FY24 to 5.9-6.3% as per various estimates as against 6.9% in FY23. Rising borrowing costs and slower income growth will weigh on private consumption growth, and government consumption is projected to grow at a slower pace due to the withdrawal of pandemic-related fiscal support measures. Despite this, India will remain one of the fastest growing economies in a challenging global environment.

India's GDP grew by 6.9% in FY23 due to steadfast domestic demand, government's unwavering focus on infrastructure spending and low base effect. Volatile commodity prices have impacted profitability, particularly of MSMEs, while export-oriented sectors face headwinds from a slow down in their major markets. The headwinds of higher input cost and challenging global environment will continue in FY24 also.

The increase in repo rate by RBI by 250 bps since the beginning of FY2023 to contain inflation is expected to slow down the growth rate as the full effect of rate hikes will be felt in FY2024. RBI though is expected to continue its accommodative stance to growth as seen in its April 2023 Monetary Policy Committee meeting where rates were maintained. India's banking system has been largely insulated from recent failures of certain banks globally. Interest rate risk, the root cause of stress at some banks in the US, is relatively lower for Indian banks. Loans which form about 70% of asset book of banks in India are largely floating in nature. Also, the base interest rates in India are higher than global peers, making the sensitivity of investments to mark-to-market losses relatively lower.

Consumer inflation is expected to moderate from 6.8% in FY23 to 5.2% in FY24, owing to a high-base effect. A good rabi harvest would help cool food inflation and a slowing economy to moderate core inflation.

The World Bank expects the government to meet its fiscal deficit target of 5.9% of GDP in FY24 and narrow the current account deficit to 2.1% from an estimated 3% in FY23 on the back of robust service exports and narrowing merchandise trade deficit.

While the short-term outlook seems to be challenging given the rising interest rates, external supply shocks and geopolitical tension, we do believe the government is doing the right things to ensure a sustainable growth path for the country. The union budget presented this year was very supportive of

the long-term growth of the real estate sector in India through its focus on urban infrastructure and the digital economy. The government's sharply expanded capital expenditure target for the year is expected to create job opportunities and higher economic activity.

REAL ESTATE SECTOR

The post-pandemic picture for real estate sector is a paradigm shift from before. The pandemic has reinstated the importance of home ownership and the attitude of customers towards residential properties has seen substantial shift. Preference for larger sized apartments, inclination towards reputed developers and a rising demand for townships projects are just some of the emerging trends.

Fiscal 2023 was a milestone year for the Indian Real estate sector with all-time high sales. The sector showed healthy growth on the back of a high base achieved in fiscal 2022. The demand pick-up seen in the second half of fiscal 2021 has continued into fiscal 2023 and is expected to continue in fiscal 2024. The number of launches is also increasing and touched a decadal high last year; inventory is continuing to show a decline or stability across Tier-1 cities, indicating a healthy demand momentum.

While the residential segment witnessed strong performance, commercial office sector continues to remain sluggish with demand not yet reaching the pre-pandemic levels. The challenges to office space demand have been the work from home trend and slowdown in global economic growth. The global slowdown directly impacts sectors like IT/Its which is the major occupier of office space in India. Retail real estate sector though, is back to full swing with consumption recovering beyond pre-pandemic levels and should continue the momentum.

RESIDENTIAL REAL ESTATE MARKET

The residential market has sustained the momentum seen in the latter half of fiscal 2022. The robust performance of the sector during last year signifies the strength of the 1 Knight Frank report on India Real Estate for H2CY22 underlying demand for property. The demand is driven by healthy economic recovery post pandemic, healthy affordability compared to historic levels and other favorable macro economic factors. The industry though faced headwinds of steep rise in raw material costs, consumer inflation and a sharp increase in borrowing costs.

Heightened savings during the lockdowns, relatively little income disruption in the mid and high-income categories and a comparatively strong economic growth outlook have sustained demand in the Indian residential market.

With the 250 BPS repo rate hike by central bank to fight inflation, and consequent increase in home loan rates during the fiscal 2023, residential real estate demand was uncertain. The same was seen in other markets around the world. However, residential demand in the country has not only remained

resilient but surged to a nine year high in terms of annual sales in CY2022 as per property consultant Knight Frank¹. The housing sales were 41% higher yoy in terms of units sold in CY22 as against CY21.

According to the Knight Frank affordability matrix, the affordability declined in CY22 as against CY21 due to threat hikes and price increase. However, all markets except Mumbai, are recorded to be well below the threshold of comfortable affordability of 50%, a level exceeding which banks rarely underwrite a home-loan. Mumbai was the only city that recorded a higher than threshold affordability ratio at 53%, although it has improved the most since CY 2010. The affordability had increased dramatically since CY2015 due to declining interest rates. An EMI/Income ratio of over 50% is considered unaffordable according to the matrix and most cities had witnessed a dramatic increase in affordability in this period due to decadal low interest rates and decline in home prices. While the trend has reversed, the affordability continues to remain better than historic levels.

Healthy absorption in residential units coupled with rise in input costs led to an increase in prices in many micro markets. Across the 4 major markets of NCR, MMR, Bengaluru and Pune, the prices have increased by 7% on average in CY22. If this significant sales velocity is sustained in residential realty, the upward price revision may continue, as the median home loan rates have still not breached the pre pandemic levels of CY2019.

NCR

NCR market continued to witness a substantial increase in demand as upward trajectory of home-buying accentuated by the pandemic continued throughout the year. The region recorded sales of 58,460 units in CY2022, a 67% sales growth over CY2021. There has been a sizeable jump in the demand for premium residential products which has largely remained unaltered by the interest rate hike. The pandemic led to higher demand for larger homes in NCR region, with share of projects with ticket sizes of higher than ₹1 Crore at 50% in H2 CY2022 from 37% in H2 CY2021 and 31% in H2 CY2020.

Buoyed by a sustained demand scenario and limited availability of ready to move in inventory, developers have been scaling up new launches. In CY2022, 62,233 units were launched, more than three times the launches seen in CY2021 albeit on a lower base.

Despite buoyancy in home sales in CY2022, the unsold inventory in NCR witnessed a 5% YoY growth to 100,959 units. This is largely due to the infusion of new supply. Limited availability of ready to move in inventory contributed to many new projects being launched in the market. Despite increase in unsold inventory, QTS has reduced to 8.6 in CY22 from 13.7 in CY21 mainly due to demand fillip.

BUDGET 2023 – TAKEAWAYS

The union budget presented this year was supportive of the long-term growth of the real estate sector in India through its focus on urban infrastructure and the digital economy. The Government's rising focus on infrastructure capex will create a backdrop of opportunity for the real estate sector. Some of the key measures include:

HOUSING FOR ALL

The Government allocated ₹79,000 Crore, 66% higher than last year's allocation, under the Pradhan Mantri Awas Yojna (PMAY) initiative which will be used for both urban and rural markets. The government plans to complete its target of over 4 Crore houses across both urban and rural markets, which will be allocated to persons eligible under the scheme. In addition, it plans to make the land and construction approval process more efficient.

URBAN DEVELOPMENT PLAN

The Real estate sector is expected to benefit from emphasis laid on development and urban planning in Tier 2 and Tier 3 cities in the budget. The National Housing Bank (NHB) will oversee the proposed Urban Infrastructure Development Fund (UIDF). This will help public agencies develop infrastructure in Tier 2 and Tier 3 cities. A ₹10,000 crore budget has been proposed for this fund.

Furthermore, five centers of excellence for urban planning have been proposed, which will provide the sector with a channel to hire trained professionals. A committee of urban planners, economists, and institutions will be formed to make recommendations on urban sector policies, capacity building, planning, implementation, and governance.

MUNICIPAL BONDS

The budget also proposed property tax reforms to provide cities with incentives to improve their credit ratings for municipal bonds. These bonds have the potential to alleviate urban infrastructure woes while also improving real estate sentiment in these areas.

BUDGET 2023 – KEY TAKEAWAYS FOR CLIMATE CHANGE

The Union Budget FY 2023-24 promises sustained economic growth through its vision for the Amrit Kaal Blueprint for an empowered and inclusive economy. The focus is on sustainable growth for continued recovery from the global economic slowdown, caused due to the COVID-19 pandemic and the Russia- Ukraine war. The multi-pronged approach adopted by the Budget includes targeted capital investment, with a thrust on green infrastructure, to help facilitate GDP growth. There is a 33% increase in capital investment outlay, and an estimated GDP growth of 5.9-6.2% forecasted for FY2023-24. The thrust on the infrastructure sector to drive growth is also evident in the 66% increase

in the outlays for the Pradhan Mantri Awas Yojna (PMAY), setting up of the Urban Infrastructure Development Fund (UIDF), and many other sector-linked initiatives.

Green Growth is one of the 7 priority areas of the Budget for FY 2023-24. The initiatives for the same are spread across industries including agriculture, Oil and Gas, Infrastructure, Transport, etc. to enable inclusive and sustainable growth. The recently launched Hydrogen Mission with an outlay of ₹19,700 crores, will aid India's transition to a low carbon economy. Under the Galvanizing Organic Bio-Agro Resources (GOBAR)- Dhan Scheme an investment of ₹10,000 crores has been estimated, to facilitate circular economy through the setting up compressed biogas plants. Whether it be through setting of Bio-Input Resource Centers, or through increasing battery storage capacity, 53rd JOTINDRA STEEL AND TUBES LIMITED ANNUAL REPORT 2022-23 is a major focus area of Green Growth.

At the 26th session of the Conference of the Parties (COP-26) to the United Nations Framework Convention on Climate Change (UNFCCC) held in 2021, India had announced very ambitious climate targets. India's revised targets for 2030 include establishing 500 GW of non-fossil energy capacity; fulfilling 50% energy demand through renewables ;reducing carbon intensity of economy by 45% over 2005 levels; and achieving carbon neutrality by 2070. At the COP-27 held in Sharm El-Sheikh in Egypt, the switch was towards implementation of climate targets from pledging. Adaptation agenda was highlighted vis-a-vis integration of technology. Funding for achieving climate targets and promoting development of low carbon transition models was encouraged. Carbon credits and setting up of carbon markets to aid low carbon transition was promoted. To facilitate the country's net-zero transition, energy goals and energy transition, there is a provision of ₹35,000 crores by the Union Budget for FY 2023-24. Further more, there is an ₹20,700 crore outlay for renewable energy grid integration and evacuation from Ladakh. Along with fiscal allocations, policy changes such as regulatory frame work for setting up of carbon trading in India as per the provision of the Energy Conservation (Amendment) Bill (2022) are directed towards implementation and achieving of India's climate targets.

The Union Budget FY 2023-24 strategizes integration of technology, sustainability and economic growth. It strives towards job creation via investment in clean technologies such as renewable energy, clean fuels, sustainable agriculture practices and more. The budget outlays are targeted towards green recovery and achieving climate targets, in an inclusive and holistic manner.

COMPANY STRENGTHS

Your Company continues to capitalize on the market opportunities by leveraging its key strengths. These include:

1. **Brand Reputation:** Enjoys higher recall and influences the buying decision of the customer. Strong customer connects further results in higher premium realizations.

2. Execution: Possesses a successful track record of quality execution of projects with contemporary architecture.
3. Cash flows: Has built a business model that ensures tremendous cash flows from their operations and developed properties ensuring a steady cash flow even during the adverse business cycles.
4. Significant leveraging opportunity: Follows conservative debt practice coupled with enough cash balance which provides a significant leveraging opportunity for further expansions.
5. Outsourcing: Operates an outsourcing model of appointing renowned architects/contractors that allows scalability and emphasizes contemporary design and quality construction – a key factor of success.
6. Transparency: Follows a strong culture of corporate governance and ensures transparency and high levels of business ethics.
7. Highly qualified execution team: Employs experienced, capable and highly qualified design and project management teams who oversee and execute all aspects of project development.

OPPORTUNITIES

As India awaits policy reforms to pick up speed, your Company firmly believes that the demand for Real Estate in a country like India should remain strong in the medium to long term. Your Company's well accepted brand, contemporary architecture, well designed projects in strategic locations, strong balance sheet and stable financial performance even in testing times make it a preferred choice for customers and shareholders. Your Company is ideally placed to further strengthen its development potential by acquiring new land parcels.

CHALLENGES

While the management of your Company is confident of creating and exploiting the opportunities, it also finds the following challenges:

- Unanticipated delays in project approvals;
- Availability of accomplished and trained labour force;
- Increased cost of manpower;
- Rising cost of construction lead by increase in commodity prices;
- Growth in auxiliary infrastructure facilities; and
- Over regulated environment.

EMPLOYEE WELL- BEING

COVID Support : The global pandemic has continued to be an evolving situation over this last year as well. JSTL has been focused on employees’ health, safety & well-being. We continued our 24*7 Doctor on call facility, vaccination programs, and frequent webinars to build awareness around precautions and structured communication campaigns to keep employees abreast on the recent developments.

Hybrid Work: We also have continued our flexible work policy by continuing a hybrid in-office model post COVID. We believe working remotely can offer several benefits, including the flexibility for people to invest more time in their ‘whole selves’ and improving productivity by allowing them to work in a more focused way. At the same time, there are collaborations and conversations that require in person interactions for a greater impact.

OUTLOOK

FY2022-23 was a landmark year for the real estate sector and JSTL as well wherein we witnessed a good sales, collections, project deliveries and business development. Post-pandemic, developers have moved away from the traditional way of doing business and rightly focused on end-user customer demand with a strong focus on innovation and digital transformation. We believe FY2023-24 will continue the healthy sales momentum backed by solid structural foundation, sustained demand and relatively affordable albeit somewhat higher housing loan rates. Financially strong and reputed developers with superior execution capabilities stand to benefit disproportionately from the ongoing cyclical upturn.

While commodity cost inflation has been persistent and poses a risk to operating margins, the price hikes taken so far by the real estate players have been well absorbed. JSTL posted robust sales and operational performance and we expect the performance to continue in FY2023-24, given our exciting business ideas, strong balance sheet and execution expertise. We look forward to adding a large number of projects to our portfolio in FY2023-24, which is amongst our top priorities and which will enable us to grow rapidly going ahead.

INDEPENDENT AUDITOR'S REPORT

To the Members of **Jotindra Steel and Tubes Limited**

Report on the Audit of the IndAs Financial Statements

Qualified Opinion

We have audited the financial statements of **Jotindra Steel and Tubes Limited** ("the Company"), which comprise the balance sheet as at March 31, 2023, and the statement of Profit and Loss (including Other Comprehensive Income) (including the statement of changes in equity), and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, **and subject to the matters as described in the Basis of Qualified Opinion**, the aforesaid Standalone IndAS Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis of Qualified Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion except in the following cases:

- A) Attention is drawn to fact that Hon'ble Supreme Court of India vide its order dated 06th Spetember'2018 has directed the Forensic Audit of the Company. Consequent to the report of the forensic auditor, undertaken as per the direction of the Hon'ble Supreme Court of India to look into transactions between Amrapali group of companies and Sureka group of companies. The Hon'ble Supreme Court vide order dated 14th October'2019 & further Order dated 02nd December'2019 has directed to M/s Jotindra Steel & Tubes Ltd, Mauria Udyog Ltd including associated companies and Directors viz Mr. Navneet Kumar Sureka and Mr Akhil Kumar Sureka to deposit Rs. 167 Cr.**

In response to the order of the Hon'ble Supreme Court, it has filed an application on 09th December'2019 before the Hon'ble Supreme Court to accept the title-deeds of immovable properties belonging to Sureka family

members and associate companies (based on the latest valuation report) worth amounting to Rs. 208.31 Crores and after reducing the incumbency amount of Rs. 39.34 Crores balance value of properties work out to Rs. 168.97 Cr. Directors of the Company have filed interlocutory application for recalling the Order Dated 23.07.2019 qua the applicants, before Hon'ble Supreme Court and the same is still pending. However, the management of the company is of opinion, there is no specific liability against the company.

Confirmation in respect of Rs. 39.67/- Crore receivable by company from entities of Amrapali Group could not be taken as Receiver has been appointed in pursuance of the Writ Petition No. 940/2017 by the Hon'ble Supreme Court. During the year the Company has written off all such amount of Rs. 39.67/- crores, as it believes that no such amount is recoverable.

B) Attention is drawn on the application filed by State Bank of India against M/s Ozone GSP Infratech before Ld. Debt Recovery Tribunal II, New Delhi, for default in payment of loans and has claimed the company as a corporate guarantor. The company has filed a counter claim against State Bank of India and has denied any liability in respect of above. Accordingly, no provision has been made in books of accounts.

Our opinion is modified in respect of above matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Other Information - Board of Directors' Report

The Company's Board of Directors is responsible for the preparation and presentation of its report (herein after called as "Board Report") which comprises various information required under section 134(3) of the Companies Act 2013 but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the Board Report and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the Board Report and in doing so, consider whether the Board Report is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

Till date we have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:-

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "**Annexure A**", statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

"Annexure B" to the Independent Auditors' Report

(Referred to in point 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of Jotindra Steel and Tubes Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ('Act')

We have audited the internal financial controls over financial reporting of Jotindra Steel and Tubes Limited ('the Company') as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of the management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to financial statements for the year ended March 31, 2023

Address: 14/3, Mathura Road, Faridabad- 121003 Haryana; Email: jotindra@jotindra.com

1. Corporate information

Jotindra Steel & Tubes Limited (the "Company") is a company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The Company is domiciled and incorporated in India in 1967 and has its registered office at 14/3, Mathura Road, Near Mewla Maharajpur Village, Sector 45, Faridabad-121003 (Haryana), India.

2. Statement of compliance

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards (referred to as "Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 with effect from April 1, 2017 as amended by Companies (Indian Accounting Standards) Rules, 2016.

These financial statements have been prepared in accordance with Ind AS as notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by Companies (Indian Accounting Standards) Rules, 2016 read with Section 133 of the Companies Act, 2013.

3. Basis of preparation

These financial statements have been prepared on a historical cost basis, except for:

- Certain financial instruments which are measured at fair value at the end of each reporting period.
- Net defined benefit (assets) / liabilities measured at fair value of plan assets less present value of defined benefit obligation.

The financial statements are presented in Indian Rupees which is also the Company's functional currency and all values are rounded to the nearest rupee, except when otherwise indicated.

4. Critical accounting estimates and judgements

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires management to make judgements, estimates and assumptions, that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements pertain to:

Impairment testing: Property, plant and equipment that are subject to amortisation/ depreciation are tested for impairment when events occur or changes in circumstances indicate that the recoverable amount of the cash generating unit is less than its carrying value. The recoverable amount of cash generating units is higher of value-in-use and fair value less cost to sell. The calculation involves use of significant estimates and assumptions which includes turnover and earnings multiples, growth rates and net margins used to calculate projected future cash flows, risk-adjusted discount rate, future economic and market conditions.

Impairment of investments: The Company reviews its carrying value of investments carried at cost or amortised cost annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

Income taxes: Deferred tax assets are recognized to the extent that it is regarded as probable that deductible temporary differences can be realized. The Company estimates deferred tax assets and liabilities based on current tax laws and rates and in certain cases, business plans, including management's expectations regarding the manner and timing of recovery of the related assets. Changes in these estimates may affect the amount of deferred tax liabilities or the valuation of deferred tax assets and thereby the tax charge in the Statement of Profit or Loss.

Provision for tax liabilities require judgements on the interpretation of tax legislation, developments in case law and the potential outcomes of tax audits and appeals which may be subject to significant uncertainty. Therefore the actual results may vary from expectations resulting in adjustments to provisions, the valuation of deferred tax assets, cash tax settlements and therefore the tax charge in the Statement of Profit or Loss.

Defined benefit plans: The cost of the defined benefit plans and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each Balance Sheet date.

Fair value of financial instruments: When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the present valuation technique. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Impairment of financial assets: The Company is exposed to credit risk from its financing activities, including deposits with banks, security deposits, trade receivables and other financial instruments. Credit risk from balances with banks is managed by the Company's management in accordance with the Company's policy. Provision for security deposit is measured using 12 month expected credit losses. Customer credit risk is managed by each unit as per the Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored for any expected default in repayment. An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The Company does not hold collateral as security.

5. Significant accounting policies

a) Revenue recognition :

Income from Operations

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Revenue is measured at the fair value of the consideration received or receivable.

Sales are inclusive of excise duty, goods & service tax and net of discounts/returns. Exports sales include Goods Invoiced against confirmed orders and cleared from Excise and Custom Authorities, also goods exported as third party exporter and exchange fluctuations. In respect of fabrication and erection activities, bills raised for extra work, over run charges and other miscellaneous claims are accounted for on the basis of certainty of realisation. Bills/final bills of Job Work done by the company are accounted for on the basis of certification by the principals and correspondingly the liability for job work done by the sub contractors are accounted for at the same time.

Export incentives in cash are recognized as income on Export being made. Benefits receivable under various schemes like Advance Licenses, Target Plus, Duty Free Import Authorisation etc. are recognized on certainty of their utilization and realization.

Other items of Revenue are recognized in accordance with the Indian Accounting Standard (Ind AS-18) accordingly, wherever there are uncertainties in the ascertainment/ realization of income are recognised at the time of receipt of payment thereof.

Interest income

Interest Income is accrued on a time proportion basis using the effective interest rate method.

Dividend Income

Dividend income is recognized when the Company's right to receive the amount is established.

b) Property, plant and equipment

Property, plant and equipment are stated at cost, less accumulated depreciation (other than freehold land) and accumulated impairment losses, if any.

All property, plant and equipment are initially recorded at cost. Cost includes the acquisition cost or the cost of construction, including duties and non-refundable taxes, expenses directly related to bringing the asset to the location and condition necessary for making them operational for their intended use and, in the case of qualifying assets, the attributable borrowing costs. Initial estimate of costs of dismantling and removing the item and restoring the site on which it is located is also included if there is an obligation to restore it.

Subsequent expenditure relating to property, plant and equipment is capitalised only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss.

Capital work in progress represents projects under which the property, plant and equipment are not yet ready for their intended use and are carried at cost determined as aforesaid.

Depreciation on property, plant and equipment is provided on a Straight-line basis using the rates prescribed in Schedule II to the Companies Act, 2013. The identified components are depreciated over the useful lives; the remaining asset is depreciated over the life of principal assets.

The assets' useful lives and residual values are reviewed at the Balance Sheet date and the effects of any changes in estimates are accounted for on a prospective basis.

The company has used the following useful life to provide depreciation on its fixed assets.

c) Assets taken on lease:

A Lease in which a significant portion of the risks and rewards of ownership are not transferred to the Company is classified as operating lease. Payments made under operating lease are charged to the Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with the expected general inflation to compensate for the lessor's expected inflationary cost increases.

d) Assets classified as held for sale:

Non-Current Assets (PPE) are classified as held for sale if it is highly probable that they will be recovered primarily through sale rather than through continuing use.

Such assets are generally measured at the lower of their carrying amount and fair value less cost to sell. Losses on initial classification as held for sale and subsequent gains and losses on re-measurement are recognised in profit or loss.

Once classified as held for sale, Property, Plant & Equipment are no longer depreciated.

e) Financial instruments

I. Financial assets

Initial recognition and measurement

Financial assets are recognised when, and only when, the Company becomes a party to the contractual provisions of the financial instrument. The Company determines the classification of its financial assets at initial recognition.

When financial assets are recognised initially, they are measured at fair value, plus, in the case of financial assets not at fair value through profit or loss directly attributable transaction costs. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the Statement of Profit and Loss.

Classification

• Cash and Cash Equivalents - Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

• Debt Instruments - The Company classifies its debt instruments as subsequently measured at amortised cost, fair value through Other Comprehensive Income or fair value through profit or loss based on its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

i. Financial assets at amortised costs:

Financial assets are subsequently measured at amortised cost if these financial assets are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest. Interest income from these financial assets is included as a part of the Company's income in the Statement of Profit and Loss using the effective interest rate method.

ii. Financial assets at fair value through Other Comprehensive Income (FVOCI) Financial assets are subsequently measured at fair value through Other Comprehensive Income if these financial assets are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest. Movements in the carrying value are taken through Other Comprehensive Income, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains or losses which are recognised in the Statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognized in Other Comprehensive Income is reclassified from Other Comprehensive Income to the Statement of Profit and Loss. Interest income on such financial assets is included as a part of the Company's income in the Statement of Profit and Loss using the effective interest rate method.

iii. Financial assets at fair value through profit or loss (FVTPL)

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on such debt instrument that is subsequently measured at FVTPL and is not part of a hedging relationship as well as interest income is recognised in the Statement of Profit and Loss.

• Equity Instruments - The Company subsequently measures all equity investments (other than the investment in subsidiaries, associates and joint ventures which are measured at cost) at fair value. Where the Company has elected to present fair value gains and losses on equity investments in Other Comprehensive Income ("FVOCI"), there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in the Statement of Profit and Loss as other income when the Company's right to receive payment is established.

At the date of transition to Ind AS, the Company has made an irrevocable election to present in Other Comprehensive Income subsequent changes in the fair value of equity investments that are not held for trading.

When the equity investment is de-recognised, the cumulative gain or loss previously recognised in Other Comprehensive Income is re-classified from Other Comprehensive Income to the Retained Earnings directly.

De-recognition

A financial asset is derecognised only when the Company has transferred the rights to receive cash flows from the financial asset. Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

II. Financial liabilities

Initial recognition and measurement

Financial liabilities are recognised when, and only when, the Company becomes a party to the contractual provisions of the financial instrument. The Company determines the classification of its financial liabilities at initial recognition. All financial liabilities are recognised initially at fair value, plus, in the case of financial liabilities not at fair value through profit or loss directly attributable transaction costs.

Subsequent measurement

After initial recognition, financial liabilities that are not carried at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in the Statement of Profit and Loss when the liabilities are derecognised, and through the amortisation process.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the financial statement if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

III. Impairment of financial assets

The Company assesses, at each reporting date, whether a financial asset or a group of financial assets is impaired. Ind AS-109 on Financial Instruments, requires expected credit losses to be measured through a loss allowance. For trade receivables only, the Company recognises expected lifetime losses using the simplified approach permitted by Ind AS-109, from initial recognition of the receivables. For other financial assets (not being equity instruments or debt instruments measured subsequently at FVTPL) the expected credit losses are measured at the 12 month expected credit losses or an amount equal to the lifetime expected credit losses if there has been a significant increase in credit risk since initial recognition.

f) Inventories

Loose Tools	-	At cost
Stores, Spares and Packing Material	-	At lower of cost or net realisable value
Raw Material	-	At lower of cost or net realisable value
Work-in-process	-	At lower of cost or net realisable value
Finished Goods	-	At lower of cost or net realisable value
Scrap	-	At estimated realisable value

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

Cost of raw material, components and stores & spares is determined on first in first out/ weighted average basis. Cost of finished goods & work-in-process comprises of materials, labour and other related overheads including depreciation.

g) Foreign currency translation:

The functional currency of the Company is Indian rupee.

i. Transactions in foreign currency has been translated into Indian Rupees at the exchange rates prevailing at the date of transaction, any variation in receipt or payment has been adjusted in exchange gain/loss account, Assets and Liabilities outstanding as at year end have been converted into the Indian Rupees at year end exchange rates.

ii. Non-monetary assets and liabilities are translated at the rate prevailing on the date of transaction. Net variation arising out of the said transactions are adjusted to the costs of the respective non-monetary assets or liabilities, in the case of fixed assets up-to the date of installation.

iii. The operations of foreign branches of company are integral in nature and financial statements of these branches are translated using the same principles and procedures as of its head office.

iv. In case of forward exchange contract or other financial instruments, the gain or loss is computed by multiplying the foreign currency amount of the forward exchange contract by the difference between the forward rate available at the end of the year and the contracted forward rate.

h) Employee benefits

• **Short term obligations:** The costs of all short-term employee benefits (that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service) are recognised during the period in which the employee renders the related services. The accruals for employee entitlements of benefits such as salaries, bonuses and annual leave represent the amount which the Company has a present obligation to pay as a result of the employees' services and the obligation can be measured reliably. The accruals have been calculated at undiscounted amounts based on current salary levels at the Balance Sheet date.

Notes to financial statements for the year ended March 31, 2023

• **Defined contribution plan (Provident fund):** The eligible employees of the Company are entitled to receive benefits under the provident fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary (currently 12% of employees' salary), which is recognised as an expense in the Statement of Profit and Loss during the year. The Company is generally liable for annual contributions and recognises such contributions as an expense in the year in which the corresponding services are rendered by the Employee.

• **Defined benefit plan (Gratuity):** The Gratuity plan provides for lump sum payment to vested employees on retirement, death or termination of employment of an amount based on the respective employee's last drawn salary and tenure of employment. The Company accounts for the net present value of its obligations for gratuity benefits, based on an independent actuarial valuation, determined on the basis of the projected unit credit method, carried out as at the Balance Sheet date. Actuarial gains and losses are recognised immediately in the Other Comprehensive Income and reflected in retained earnings and will not be reclassified to the Statement of Profit and Loss.

• **Compensated absences:** Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the Balance Sheet date.

The discount rates used for determining the present value of obligation under defined benefit plans, is based on the market yields on Government securities as at the balance sheet date, having maturity periods approximating to the terms of related obligations.

i) Income taxes

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current Tax

Current tax expenses are accounted in the same period to which the revenue and expenses relate. Provision for current income tax is made for the tax liability payable on taxable income after considering tax allowances, deductions and exemptions determined in accordance with the applicable tax rates and the prevailing tax laws. Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

Deferred Tax

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements, except when the deferred income tax arises from the initial recognition of goodwill, an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

Deferred tax liabilities are generally recognized for all taxable temporary differences except in respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at each Balance Sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax liabilities and assets are measured at tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantially enacted by the end of the reporting period. Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Minimum Alternative Tax ("MAT") credit forming part of Deferred tax assets is recognized as an asset only when and to the extent there is reasonable certainty that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a reasonable certainty to the effect that the Company will pay normal income tax during the specified period.

j) Earnings per share

Basic earnings per share is computed by dividing the profit or loss after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share.

k) Provisions and contingent liabilities

Provisions are recognised when the Company has a binding present obligation. This may be either legal because it derives from a contract, legislation or other operation of law, or constructive because the Company created valid expectations on the part of third parties by accepting certain responsibilities. To record such an obligation it must be probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made for the amount of the obligation. The amount recognised as a provision and the indicated time range of the outflow of economic benefits are the best estimate (most probable outcome) of the expenditure required to settle the present obligation at the balance sheet date, taking into account the risks and uncertainties surrounding the obligation. Non-current provisions are discounted if the impact is material.

Disputed liabilities and claims against the company including claims by Taxation Authorities pending in appeals, are treated as contingent liabilities. Claims against the company are reduced by counter claims of the company in order to determine the contingent liabilities.

l) Statement of Cash Flows

Cash flows are reported using the indirect method, whereby profit/ (loss) before tax is adjusted for the effects of transactions of non cash nature and any deferrals or accruals of past or future cash receipts or payments. Cash flow for the year are classified by operating, investing and financing activities.

m) Investment in subsidiaries, associates & joint ventures

Investment in subsidiaries, associates & joint ventures are stated in the Balance Sheet at cost.

37 Gratuity and other post employment benefit plans (a) Defined benefit plan

(i) Gratuity

The Company has a defined benefit for gratuity. Every employee who has completed five years or more of service gets a gratuity on departure at 15 days salary (last drawn salary) for each completed year of service. The Company provides for the liability in its books of accounts based on the actuarial valuation. The following tables summarize the components of net benefit expense recognized in the statement of profit and loss and the funded status and amounts recognized in the balance sheet for the respective plans.

The principal assumptions used in determining gratuity benefit obligations for the Company's plan are shown below:

	March 31, 2023	March 31, 2022
Discount rate	7.50%	7.25%
Increase in compensation cost	5.00%	5.00%
Attrition rate	-	-

The estimates of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Changes in the present value of the defined benefit obligation are as follows:

	March 31, 2023	March 31, 2022
Opening defined benefit obligation	3.05	3.02
Interest cost	0.22	0.22

Note:

a) Kotak Mahindra Bank Limited had charged an excess interest amount of Rs. 39 lacs (Approx.) from the company in settlement of its dues without allowing any discount on interest etc. No explanation for such excess interest charged has been provided by Kotak Mahindra Bank Limited. The company intends to apply to bank for refund of such excess interest charged and initiate legal action, if required, in due course. Such excess charged by the bank has already been expensed off. The same would be offered to tax in the year of receipt of such amount from Bank.

b) The Company had lodged a claim of Rs. 10,69,82,127/- with United India Insurance Limited for goods damaged in Ship MV Khalizia III, sunk near Mumbai, which was carrying the goods imported/purchased on high seas basis. On Rejection of the claim by the said Insurance company, the matter is now pending at National Consumer Disputes Redressal Commission for further adjudication. The amount also includes Rs.3,47,00,855, represent amount of bank guarantee encashed by the Order of High Court of Mumbai in favour of M/s SMIT Singapore Pte Limited, who had done the salvage work of the ship.

The Ld. National Consumer Dispute Redressal Commission (NCDRC) has rejected the claim of the company. The company, consequently, has already written off the claim recoverable of Rs. 10,95,22,127/-. The company has moved Civil Appeal No. 005027 of 2021 before the Hon'ble Supreme Court challenging the Order of NCDRC. The same would be offered to tax in the year of receipt of such claim from the Insurance Company and decision by the Hon'ble Apex Court.

c) The Company had settled its loan with SBI under SBI OTS 2020 Scheme, as per the settlement, SBI had charged an amount of Rs. 4.34 Crore Towards interest. However, no explanation for such interest charge has been provided. The company believes that the total outstanding amount has not been worked out correctly as per the OTS scheme, resulting in the excess payment to bank. The Company has applied to bank for review and refund of such excess interest charged from the company and plans to initiate legal action, if required, in due course for recovery of excess interest.

39 Direction by Hon'able Supreme Court of India for Forensic Audit on the Company

Hon'ble Supreme Court of India in the case of BIKRAM CHATTERJI & ORS. (Petitioner(s)) vs. UNION OF INDIA & ORS. (Respondent(s)) {Writ Petition(s)-(Civil) No(s). 940/2017} popularly known as Amrapali Case has directed the Forensic Audit of the Company vide its order dated September 6, 2018 and further re-directed at subsequent dates.

Consequent to the report of the Forensic Auditor undertaken as per the directions of Hon'ble Supreme Court of India to look into the transactions between Amrapali Group of Companies and Sureka Group of Companies, The Hon'ble Supreme Court vide its Judgement Dated 23.07.2019, reserved on 10.05.2019, has observed various liabilities qua the Sureka Group of Companies. Sureka Group of Companies including Jotindra Steel & Tubes Limited has filed Recall Application vide IA No. 127787 of 2019, which is pending hearing. In terms of the IA No. 127787 of 2019, it has been pleaded by Sureka Group that they have not been heard and they were appearing before the Ld. Forensic Auditors till 18.05.2019 and have submitted documents to the Ld. Forensic Auditors till 04.06.2019, although the Judgement was reserved by the Hon'ble Supreme Court on 10.05.2019.

During preliminary hearing on 14.10.2019, the Hon'ble Supreme Court directed the Sureka Group of Companies to deposit a sum of Rs.167 crores for the time being within 6 weeks, post which the Hon'ble Court agreed to hear the applications filed by Sureka Group.

In compliance to the Order Dated 14.10.2019 and further Order dated 02.12.2019, Sureka Group of companies has filed an application on 09.12.2019 before the Hon'ble Supreme Court giving its proposal to accept the title-deeds of immovable properties belonging to Sureka family members and associated companies (based on latest valuation report) worth amounting to Rs.208.31 Crores and after reducing the incumbency amount of Rs.39.34 Crores balance value of properties work out to Rs.168.97 Crores as security for the amount of 167 cr. Directed to be deposited by the Hon'ble Court. The sale deeds for the said properties were directed to be deposited with the Receiver vide order dated 18.12.2019 passed by the Hon'ble Court.

The application filed by the Director of the company against order dated 23.07.2019 and objections to the forensic report are pending adjudication and the decision on the said application, objections would determine the liability, if any, of the company in terms of the orders to be passed by the Hon'ble Supreme Court.

Meanwhile the company had appointed M/s. KRA & Company, a renowned Forensic Audit firm for providing a Fact Finding Report on agreed upon procedures and M/s. KRA & Co. has submitted its fact finding report, which substantiates the merits on the submissions by Sureka Group in their recall applications filed with Hon'ble Supreme Court.

The affairs of the above Amrapali group companies has been closed and the affairs of such companies are looked into by the Receiver appointed by the Hon'ble Supreme Court in pursuance of the Writ petition (Civil) No.940/2017, Titled Bikram Chatterjee & Ors. Vs Union of India & Ors.. However the Company believes that no amount is recoverable and this has been written off the entire amount of Rs. 39,66,99,651/- during previous year. 42 Valuation of Land of the Company

The company had converted its land at Sector 45, Faridabad into stock in trade during the year 2018-19 and consequently recognised the capital gain on conversion of fixed asset into stock in trade during the year 2020-21 based on the Valuation report received from registered valuer.

Valuation of land as adopted vide Valuation Report Dated 16.03.2021 given by Mr. M.N. Bhagat is reproduced as below:

Clause 40: If sale instances are not available or not relied upon, the basis of arriving at the land rate.

Rates Fixed by the District Collector, for the year 2001-02

Details of Valuation	
Area of Plot	42622.25 Sq. Yard
Rate fixed by the Distt. Collector for the year 2001-2002	Rs.1800/ Sq. Yard.
Value as on 01.04.2001/year 2001-02	7,67,20,050
Value as on year 2018-19 (7,67,20,250.00 x 2.80)	21,48,16,140

The company has been carrying on Industrial/ commercial activity on the said land till FY 2014-15. The company thereafter decided to undertake group housing activity in the factory land and got it converted from Haryana Government from commercial/ industrial to residential in FY 2018-19

However, the land being converted into stock in trade, was falling under the Commercial Belt, between Sector 45 & Railway Line, having nature of Commercial Land in terms of the Final Development Plan, 2011 for Faridabad notified by the Government vide Reference No. 13/29/91-3CII Dated 11/12/1991. Accordingly, the company has taken fresh valuation from Mr. Gautam Akhauri, adopting the correct nature of land, being commercial during the year 2001-2002, as per the details appended below:

Clause 40: If sale instances are not available or not relied upon, the basis of arriving at the land rate.

Here market rate of this portion is not available in the circle rate copy provided by the registrar office for 2001-02. Circle rate of the nearby sector 46 for the commercial/ industrial land provided in the copy of circle rate of 2001-02 was Rs. 17,000/- per Sq Yard., But since rate is for the smaller commercial/ industrial plots, since here we are considering a large plot area so the market rate of the large land can be consider 40% of the rate i.e. 40% of Rs. 17,000/- or Rs. 6,800/- per sq. yards for the land at this location as on date 1st April 2001. Property at this good location i.e. opposite to the sector 45.

Details of Valuation

Size of Plot	Total land area measuring 70 Kanal 9 Marla or 8.80625 Acre or 42622.25 Sq. Yards or 35,637.33 Sq Metr for the valuation purpose
Boundries	North 38 Kanal 12 Marla land South Other property East Railway line West Sector 45 road
Total Extent of plot	Land area considered for valuation 8.80625 Acre or 42622.25 Sq. Yards or 35,637.33 Sq Metr
Estimated value of Land	42,622.25 X Rs. 6,800/- per Sq. yards. Rs. 28,98,31,300/- (Rupees twenty eight crore ninety eight lacs thirty one thousand three hundred only).

The indexed value for the purpose of the capital gains is calculated as under:

Value as on year 2018-19
(28,98,31,300 x 2.80)

Rs. 81,15,27,640/-

Thus during the previous year differential capital gain on account of conversion of Land into stock in trade is recognised of Rs. Rs. 59,67,11,500. (Rs.81,15,27,640-Rs.21,48,16,140).

43 Other Legal Matters

State Bank of India has filed Original Application (OA) No. 72 of 2020 before the Ld. Debt Recovery Tribunal II, New Delhi against the partnership firm M/s. Ozone GSP Infratech, where the company is a 95% partner and have made the company a party to the said litigation, the company being the Coporate Guarantor to the Loan granted by SBI in favour of the firm. The said Term Loan was granted for construction of Group Housing Project being developed by the firm Ozone GSP Infratech and the said project suffered heavy losses and delays due to the unjustified and early recall of the Limits sanctioned by the State Bank of India against the sanction and therefore, the said Term Loan turned to NPA on 18.07.2019 for outstanding liability of Rs.19,47,62,469/-. The Company has filed Counter Claim amounting to Rs.30.97 Crores against the State Bank of India under the above said OA filed before the Ld. DRT II, New Delhi.

44 Operating segments

The management reviews the performance of their products line-up. However all the products are similar in nature. Thus, the management has considered aggregating all the products as one reportable operating segment. Accordingly, the figures appearing in these financial statements relate to the single operating segment.

The company operates in India and therefore caters to the needs of the domestic market. Therefore, there is only one geographical segment and hence, geographical segment information is not required to be disclosed.

45 Capital management

For the purpose of the Company's capital management, capital includes issued equity share capital and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximise the shareholder value of the Company.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company's policy is to keep the gearing ratio less than 55%. The Company includes within net debt, interest bearing loans and borrowings less cash and cash equivalents.

Particulars

	March 31, 2023	March 31, 2022
Borrowings	257.29	216.76
Current maturities of long term debt	34.64	2.49

Total equity (Including other equity)	599.73	349.66
Capital and net debt (B)	599.73	349.66
Gearing ratio [(A)/(B)]	32.81%	40.42%

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2023 and March 31, 2022.

Trade payables	113.30	140.86	113.30	140.86
Other Current financial liabilities	13.96	17.38	13.96	17.38

The management assessed that cash and cash equivalents, trade receivables, security deposits, loans to related parties and others, trade and other payables and other financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

Security deposits-

The security deposits have been fair valued based by applying DCF method using a discount rate representative of the Company's current rate of borrowings. They are classified as level 2 fair value in the fair value hierarchy due to the inclusion of unobservable inputs, including counterparty credit risk.

Fixed rate borrowings -

The carrying value and fair value of fixed rate borrowings has been considered the same since the loans are for shorter period and interest rate approximates its fair value.

Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

Financial risk management objectives and policies

The Company's financial liabilities comprise borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations. The Company's principal financial assets include security deposits, trade receivables, and cash and cash equivalents and other financial assets that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's management oversees the management of these risks. The Company's management reviews and agrees policies for managing each of these risks, which are summarised below.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. The financial instruments affected by market risk are its term loans from banks and financial institutions, foreign currency exposures and investments in mutual funds.

The sensitivity analysis in the following sections relate to the position as at March 31, 2023 and March 31, 2022

The sensitivity analysis have been prepared on the basis that the amount of net debt, the ratio of fixed to floating interest rates of the debt are constant. The analysis exclude the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations.

Assumptions made in calculating the sensitivity analysis - The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial liabilities held at March 31, 2023 and March 31, 2022.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's primarily has fixed interest rate loans, hence its exposure to the risk of changes in market interest rates shall not be material.

Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities. However the Company does not deal in foreign currency, hence the exposure is limited.

Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, security deposits and other financial instruments.

Trade Receivables

Customer credit risk is managed by each unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored for any expected default in repayment.

An Impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in the financial statements. The Company does not hold collateral as security.

Financial instruments and cash deposits

Credit risk from balances with banks is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by the Company's Board of Directors on an annual basis. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

The Company's maximum exposure to credit risk for the components of the balance sheet at March 31, 2023 and March 31, 2022 is the carrying amounts as illustrated in financial statements.

Liquidity risk

Liquidity risks are managed by the Corporate Treasury. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, bank loans and equity shares. The Company attempts to ensure that there is a balance between the timing of outflow and inflow of funds. The Company assessed the concentration of risk with respect to refinancing its debt and concluded it to be low since Company has access to a sufficient variety of sources of funding.

The Company is not subject to any restrictions on the use of its capital that could significantly impact its operations. In light of these facilities, the Company is not exposed to any

INDEPENDENT AUDITOR'S REPORT

To the Members of **Jotindra Steel and Tubes Limited**

Report on the Audit of the Consolidated Financial Statements

Qualified Opinion

We have audited the Consolidated Financial Statements of **Jotindra Steel and Tubes Limited** ("the Company"), its subsidiaries and its associates which comprise the Consolidated Balance Sheet as at March 31, 2023, and the Consolidated Statement of Profit and Loss including Other Comprehensive Income and the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity, for the year then ended, and notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred as Consolidated Financial Statement).

In our opinion and to the best of our information and according to the explanations given to us, **and subject to the matters as described in the Basis of Qualified Opinion**, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Company, its subsidiaries and its associates as at March 31, 2023, the Consolidated Profit including Other Comprehensive Income and its Consolidated Cash Flows and Consolidated Changes in Equity for the year then ended on that date.

Basis of Qualified Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company, its subsidiaries and its associates in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion except in the following cases:

- A) Attention is drawn to fact that Hon'ble Supreme Court of India vide its order dated 06th September'2018 has directed the Forensic Audit of the Company. Consequent to the report of the forensic auditor, undertaken as per the direction of the Hon'ble Supreme Court of India to look into transactions between Amrapali group of companies and Sureka group of companies. The Hon'ble Supreme Court vide order dated 14th October'2019 & further Order dated 02nd December'2019 has directed to M/s Jotindra Steel & Tubes Ltd, Mauria Udyog Ltd including associated companies and**

Directors viz Mr. Navneet Kumar Sureka and Mr Akhil Kumar Sureka to deposit Rs. 167 Cr.

In response to the order of the Hon'ble Supreme Court, it has filed an application on 09th December'2019 before the Hon'ble Supreme Court to accept the title-deeds of immovable properties belonging to Sureka family members and associate companies (based on the latest valuation report) worth amounting to Rs. 208.31 Crores and after reducing the incumbency amount of Rs. 39.34 Crores balance value of properties work out to Rs. 168.97 Cr. Directors of the Company have filed interlocutory application for recalling the Order Dated 23.07.2019 qua the applicants, before Hon'ble Supreme Court and the same is still pending. However, the management of the company is of opinion, there is no specific liability against the company.

Confirmation in respect of Rs. 39.67/- Crore receivable by company from entities of Amrapali Group could not be taken as Receiver has been appointed in pursuance of the Writ Petition No. 940/2017 by the Hon'ble Supreme Court. During the year the Company has written off all such amount of Rs. 39.67/- crores, as it believes that no such amount is recoverable.

B) Attention is drawn on the application filed by State Bank of India against M/s Ozone GSP Infratech before Ld. Debt Recovery Tribunal II, New Delhi, for default in payment of loans and has claimed the company as a corporate guarantor. The company has filed a counter claim against State Bank of India and has denied any liability in respect of above. Accordingly, no provision has been made in books of accounts.

Our opinion is modified in respect of above matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Other Information - Board of Directors' Report

The Company's Board of Directors is responsible for the preparation and presentation of its report (herein after called as "Board Report") which comprises various information required under section 134(3) of the Companies Act 2013 but does not include the Consolidated Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the Board Report and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the Board Report and in doing so, consider whether the Board Report is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

Till date we have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the consolidated financial position, consolidated financial performance including Other Comprehensive Income and Consolidated Cash Flows and Consolidated Changes in Equity of the Company and its subsidiaries and its associates in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of each Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Financial Statements, the respective Board of Directors of the companies included in the Consolidated Financial Statements are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the company, its subsidiaries and its associates are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:-

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company, its subsidiaries and its associates ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company and its subsidiaries and its associates to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
-
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities of the Company and its subsidiaries and associate company to express an opinion on the Consolidated Financial Statements, of which we are the independent auditors. We are responsible for the direction, supervision and performance of the audit of financial information of such entities included in the Consolidated Financial Statements of which we are the independent auditor. For the other entities included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in section titled 'Other Matters' in this audit report.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

1. The Consolidated Financial statements includes the financial statements of 5 Subsidiaries and 2 associates out of which audited financial statements of the 3 subsidiaries were available for consolidation and for remaining unaudited financial statements were used;
2. Reference is drawn to Qualification reported in subsidiaries reports:

Sarvome Infrastructure Projects Private Limited

"Annexure A" to the Independent Auditors' Report

(Referred to in point 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of Jotindra Steel and Tubes Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ('Act')

We have audited the internal financial controls over financial reporting of **Jotindra Steel and Tubes Limited** ('the Company') as of March 31, 2023 in conjunction with our audit of the Consolidated Financial Statements of the Company and its subsidiaries and its associates for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of the management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company, its subsidiaries and its associates, which are companies incorporated in India has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to Consolidated financial statements for the year ended March 31, 2023

Address: 14/3, Mathura Road, Faridabad- 121003 Haryana; Email: jotindra@jotindra.com

1. Corporate information

Jotindra Steel & Tubes Limited and its subsidiaries, collectively referred to as (the "Company") is a company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The Company is domiciled and incorporated in India in 1967 and has its registered office at 14/3, Mathura Road, Near Mewla Maharajpur Village, Sector 45, Faridabad-121003 (Haryana), India.

2. Statement of compliance

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards (referred to as "Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 with effect from April 1, 2017 as amended by Companies (Indian Accounting Standards) Rules, 2016.

These financial statements have been prepared in accordance with Ind AS as notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by Companies (Indian Accounting Standards) Rules, 2016 read with Section 133 of the Companies Act, 2013.

3. Basis of preparation

These consolidated financial statements have been prepared on a historical cost basis, except for:

- Certain financial instruments which are measured at fair value at the end of each reporting period as explained in the accounting policies below.
- Net defined benefit (assets) / liabilities measured at fair value of plan assets less present value of defined benefit obligation.

Basis of consolidation

Subsidiaries

The consolidated financial statements include Jotindra Steel & Tubes Limited and its subsidiaries. Subsidiaries are entities controlled by the Company. Control exists when the Company (a) has power over the investee, (b) it is exposed, or has rights, to variable returns from its involvement with the investee and (c) has the ability to affect those returns through its power over the investee. The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements listed above. In assessing control, potential voting rights that currently are exercisable are taken into account. The results of subsidiaries acquired or disposed off during the year are included in the consolidated financial statements from the effective date of acquisition and up to the effective date of disposal, as appropriate.

Inter-company transactions and balances including unrealized profits are eliminated in full on consolidation.

Non-controlling interests in the net assets (excluding goodwill) of consolidated subsidiaries are identified separately from the Company's equity. The interest of non-controlling shareholders may be initially measured either at fair value or at the non-controlling interests' proportionate share of the fair value of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the noncontrolling interests' share of subsequent changes in equity. Total comprehensive income is attributed to non-controlling interests even if it results in the non-controlling interest having a deficit balance.

Associates

Associates are those entities in which the Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but not control or joint control those policies. Significant influence is presumed to exist when the Company holds between 20 and 50 percent of the voting power of another entity. The results, assets and liabilities of associates are incorporated in these financial statements using the equity method of accounting.

Equity method of accounting (equity accounted investees)

An interest in an associate or joint venture is accounted for using the equity method from the date in which the investee becomes an associate or a joint venture and are recognized initially at cost. The Company's investment includes goodwill identified on acquisition, net of any accumulated impairment losses. The consolidated financial statements include the Company's share of profits or losses and equity movements of equity accounted investees, from the date that significant influence or joint control commences until the date that significant influence or joint control ceases. When the Company's share of losses exceeds its interest in an equity accounted investee, the carrying amount of that interest (including any long-term investments in the nature of net investments) is reduced to nil and the recognition of further losses is discontinued except to the extent that the Company has an obligation or has made payments on behalf of the investee.

When the Company transacts with an associate or joint venture of the Company, unrealized profits and losses are eliminated to the extent of the Company's interest in its associate or joint venture.

4. Business combination

Acquisitions of subsidiaries and businesses are accounted for using the acquisition method. Acquisition related costs are recognized in profit or loss as incurred. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the conditions for recognition are recognized at their fair value at the acquisition date, except certain assets and liabilities required to be measured as per the applicable standard.

Purchase consideration in excess of the Company's interest in the acquiree's net fair value of identifiable assets, liabilities and contingent liabilities is recognized as goodwill. Excess of the Company's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over the purchase consideration is recognized, after reassessment of fair value of net assets acquired, in the Capital Reserve.

Critical accounting estimates and judgements

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires management to make judgements, estimates and assumptions, that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements pertain to:

Impairment testing: Property, plant and equipment that are subject to amortisation/ depreciation are tested for impairment when events occur or changes in circumstances indicate that the recoverable amount of the cash generating unit is less than its carrying value. The recoverable amount of cash generating units is higher of value-in-use and fair value less cost to sell. The calculation involves use of significant estimates and assumptions which includes turnover and earnings multiples, growth rates and net margins used to calculate projected future cash flows, risk-adjusted discount rate, future economic and market conditions.

Impairment of investments: The Company reviews its carrying value of investments carried at cost or amortised cost annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

Income taxes: Deferred tax assets are recognized to the extent that it is regarded as probable that deductible temporary differences can be realized. The Company estimates deferred tax assets and liabilities based on current tax laws and rates and in certain cases, business plans, including management's expectations regarding the manner and timing of recovery of the related assets. Changes in these estimates may affect the amount of deferred tax liabilities or the valuation of deferred tax assets and thereby the tax charge in the Statement of Profit or Loss.

Provision for tax liabilities require judgements on the interpretation of tax legislation, developments in case law and the potential outcomes of tax audits and appeals which may be subject to significant uncertainty. Therefore the actual results may vary from expectations resulting in adjustments to provisions, the valuation of deferred tax assets, cash tax settlements and therefore the tax charge in the Statement of Profit or Loss.

Defined benefit plans: The cost of the defined benefit plans and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each Balance Sheet date.

Fair value of financial instruments: When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the present valuation technique. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Impairment of financial assets: The Company is exposed to credit risk from its financing activities, including deposits with banks, security deposits, trade receivables and other financial instruments. Credit risk from balances with banks is managed by the Company's management in accordance with the Company's policy. Provision for security deposit is measured using 12 month expected credit losses. Customer credit risk is managed by each unit as per the Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored for any expected default in repayment. An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The Company does not hold collateral as security.

5. Significant accounting policies

a) Revenue recognition :

Income from Operations

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Revenue is measured at the fair value of the consideration received or receivable.

Sales are inclusive of excise duty, goods & service tax and net of discounts/returns. Exports sales include Goods Invoiced against confirmed orders and cleared from Excise and Custom Authorities, also goods exported as third party exporter and exchange fluctuations. In respect of fabrication and erection activities, bills raised for extra work, over run charges and other miscellaneous claims are accounted for on the basis of certainty of realisation. Bills/final bills of Job-Work done by the company are accounted for on the basis of certification by the principals and correspondingly the liability for job work done by the sub contractors are accounted for at the same time.

Export incentives in cash are recognized as income on Export being made. Benefits receivable under various schemes like Advance Licenses, Target Plus, Duty Free Import Authorisation etc. are recognized on certainty of their utilization and realization.

Other items of Revenue are recognized in accordance with the Indian Accounting Standard (Ind AS-18) accordingly, wherever there are uncertainties in the ascertainment, realization of income are recognised at the time of receipt of payment thereof.

Interest income

Interest income is accrued on a time proportion basis using the effective interest rate method.

Dividend Income

Dividend income is recognized when the Company's right to receive the amount is established.

b) Property, plant and equipment

Property, plant and equipment are stated at cost, less accumulated depreciation (other than freehold land) and accumulated impairment losses, if any.

All property, plant and equipment are initially recorded at cost. Cost includes the acquisition cost or the cost of construction, including duties and non-refundable taxes, expenses directly related to bringing the asset to the location and condition necessary for making them operational for their intended use and, in the case of qualifying assets, the attributable borrowing costs. Initial estimate of costs of dismantling and removing the item and restoring the site on which it is located is also included if there is an obligation to restore it.

Subsequent expenditure relating to property, plant and equipment is capitalised only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss.

Capital work in progress represents projects under which the property, plant and equipment are not yet ready for their intended use and are carried at cost determined as aforesaid.

Depreciation on property, plant and equipment is provided on a Straight-line basis using the rates prescribed in Schedule II to the Companies Act, 2013. The identified components are depreciated over the useful lives; the remaining asset is depreciated over the life of principal assets.

The assets' useful lives and residual values are reviewed at the Balance Sheet date and the effects of any changes in estimates are accounted for on a prospective basis.

The company has used the following useful life to provide depreciation on its fixed assets.

Particulars	Life in Years
Land	-
Building	60
Residential flats	60
Plant and machinery	15
Electrical Installations	10
Building Equipment	12 & 15
Furniture and Fixture	10
Refrigeration & Air Conditioners	10
Office Equipment	5
Computer	3 & 6
Solar Plant	25
Vehicle	8 & 10
Commercial Vehicle	8

c) Assets taken on lease:

A Lease in which a significant portion of the risks and rewards of ownership are not transferred to the Company is classified as operating lease. Payments made under operating lease are charged to the Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with the expected general inflation to compensate for the lessor's expected inflationary cost increases.

d) Assets classified as held for sale:

Non-Current Assets (PPE) are classified as held for sale if it is highly probable that they will be recovered primarily through sale rather than through continuing use.

Such assets are generally measured at the lower of their carrying amount and fair value less cost to sell. Losses on initial classification as held for sale and subsequent gains and losses on re-measurement are recognised in profit or loss.

Once classified as held for sale, Property, Plant & Equipment are no longer depreciated.

e) Financial instruments

I. Financial assets

Initial recognition and measurement

Financial assets are recognised when, and only when, the Company becomes a party to the contractual provisions of the financial instrument. The Company determines the classification of its financial assets at initial recognition.

When financial assets are recognised initially, they are measured at fair value, plus, in the case of financial assets not at fair value through profit or loss directly attributable transaction costs. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the Statement of Profit and Loss.

Classification

- Cash and Cash Equivalents - Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

- Debt Instruments - The Company classifies its debt instruments as subsequently measured at amortised cost, fair value through Other Comprehensive Income or fair value through profit or loss based on its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

i. Financial assets at amortised costs:

Financial assets are subsequently measured at amortised cost if these financial assets are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest. Interest income from these financial assets is included as a part of the Company's income in the Statement of Profit and Loss using the effective interest rate method.

ii. Financial assets at fair value through Other Comprehensive Income (FVOCI)

Financial assets are subsequently measured at fair value through Other Comprehensive Income if these financial assets are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest. Movements in the carrying value are taken through Other Comprehensive Income, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains or losses which are recognised in the Statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognized in Other Comprehensive Income is reclassified from Other Comprehensive Income to the Statement of Profit and Loss. Interest income on such financial assets is included as a part of the Company's income in the Statement of Profit and Loss using the effective interest rate method.

iii. Financial assets at fair value through profit or loss (FVTPL)

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on such debt instrument that is subsequently measured at FVTPL and is not part of a hedging relationship as well as interest income is recognised in the Statement of Profit and Loss.

- Equity Instruments - The Company subsequently measures all equity investments (other than the investment in subsidiaries, associates and joint ventures which are measured at cost) at fair value. Where the Company has elected to present fair value gains and losses on equity investments in Other Comprehensive Income ("FVOCI"), there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in the Statement of Profit and Loss as other income when the Company's right to receive payment is established.

At the date of transition to Ind AS, the Company has made an irrevocable election to present in Other Comprehensive Income subsequent changes in the fair value of equity investments that are not held for trading.

When the equity investment is de-recognised, the cumulative gain or loss previously recognised in Other Comprehensive Income is re-classified from Other Comprehensive Income to the Retained Earnings directly.

De-recognition

A financial asset is derecognised only when the Company has transferred the rights to receive cash flows from the financial asset. Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

II. Financial liabilities

Initial recognition and measurement

Financial liabilities are recognised when, and only when, the Company becomes a party to the contractual provisions of the financial instrument. The Company determines the classification of its financial liabilities at initial recognition. All financial liabilities are recognised initially at fair value, plus, in the case of financial liabilities not at fair value through profit or loss directly attributable transaction costs.

Subsequent measurement

After initial recognition, financial liabilities that are not carried at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in the Statement of Profit and Loss when the liabilities are derecognised, and through the amortisation process.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the financial statement if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

III. Impairment of financial assets

The Company assesses, at each reporting date, whether a financial asset or a group of financial assets is impaired. Ind AS-109 on Financial Instruments, requires expected credit losses to be measured through a loss allowance. For trade receivables only, the Company recognises expected lifetime losses using the simplified approach permitted by Ind AS-109, from initial recognition of the receivables. For other financial assets (not being equity instruments or debt instruments measured subsequently at FVTPL) the expected credit losses are measured at the 12 month expected credit losses or an amount equal to the lifetime expected credit losses if there has been a significant increase in credit risk since initial recognition.

f) Inventories

Loose Tools	-	At cost
Stores, Spares and Packing Material	-	At lower of cost or net realisable value
Raw Material	-	At lower of cost or net realisable value
Work-in-process	-	At lower of cost or net realisable value
Finished Goods	-	At lower of cost or net realisable value
Scrap	-	At estimated realisable value

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

Cost of raw material, components and stores & spares is determined on first in first out/ weighted average basis. Cost of finished goods & work-in-process comprises of materials, labour and other related overheads including depreciation.

g) Foreign currency translation:

These consolidated financial statements are presented in Indian rupees, which is the functional currency of Jotindra Steel & Tubes Limited

i. Transactions in foreign currency has been translated into Indian Rupees at the exchange rates prevailing at the date of transaction, any variation in receipt or payment has been adjusted in exchange gain/loss account, Assets and Liabilities outstanding as at year end have been converted into the Indian Rupees at year end exchange rates.

ii. Non-monetary assets and liabilities are translated at the rate prevailing on the date of transaction. Net variation arising out of the said transactions are adjusted to the costs of the respective non-monetary assets or liabilities, in the case of fixed assets up-to the date of installation.

iii. The operations of foreign branches of company are integral in nature and financial statements of these branches are translated using the same principles and procedures as of its head office.

iv. In case of forward exchange contract or other financial instruments, the gain or loss is computed by multiplying the foreign currency amount of the forward exchange contract by the difference between the forward rate available at the end of the year and the contracted forward rate.

h) Employee benefits

• **Short term obligations:** The costs of all short-term employee benefits (that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service) are recognised during the period in which the employee renders the related services. The accruals for employee entitlements of benefits such as salaries, bonuses and annual leave represent the amount which the Company has a present obligation to pay as a result of the employees' services and the obligation can be measured reliably. The accruals have been calculated at undiscounted amounts based on current salary levels at the Balance Sheet date.

Notes to Consolidated financial statements for the year ended March 31, 2023

• **Defined contribution plan (Provident fund):** The eligible employees of the Company are entitled to receive benefits under the provident fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary (currently 12% of employees' salary), which is recognised as an expense in the Statement of Profit and Loss during the year. The Company is generally liable for annual contributions and recognises such contributions as an expense in the year in which the corresponding services are rendered by the Employee.

• **Defined benefit plan (Gratuity):** The Gratuity plan provides for lump sum payment to vested employees on retirement, death or termination of employment of an amount based on the respective employee's last drawn salary and tenure of employment. The Company accounts for the net present value of its obligations for gratuity benefits, based on an independent actuarial valuation, determined on the basis of the projected unit credit method, carried out as at the Balance Sheet date. Actuarial gains and losses are recognised immediately in the Other Comprehensive Income and reflected in retained earnings and will not be reclassified to the Statement of Profit and Loss.

• **Compensated absences:** Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the Balance Sheet date.

The discount rates used for determining the present value of obligation under defined benefit plans, is based on the market yields on Government securities as at the balance sheet date, having maturity periods approximating to the terms of related obligations.

i) Income taxes

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current Tax

Current tax expenses are accounted in the same period to which the revenue and expenses relate. Provision for current income tax is made for the tax liability payable on taxable income after considering tax allowances, deductions and exemptions determined in accordance with the applicable tax rates and the prevailing tax laws. Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

Deferred Tax

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements, except when the deferred income tax arises from the initial recognition of goodwill, an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

Deferred tax liabilities are generally recognized for all taxable temporary differences except in respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at each Balance Sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax liabilities and assets are measured at tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantially enacted by the end of the reporting period. Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Minimum Alternative Tax ("MAT") credit forming part of Deferred tax assets is recognized as an asset only when and to the extent there is reasonable certainty that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a reasonable certainty to the effect that the Company will pay normal income tax during the specified period.

j) Earnings per share

Basic earnings per share is computed by dividing the profit or loss after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share.

k) Provisions and contingent liabilities

Provisions are recognised when the Company has a binding present obligation. This may be either legal because it derives from a contract, legislation or other operation of law, or constructive because the Company created valid expectations on the part of third parties by accepting certain responsibilities. To record such an obligation it must be probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made for the amount of the obligation. The amount recognised as a provision and the indicated time range of the outflow of economic benefits are the best estimate (most probable outcome) of the expenditure required to settle the present obligation at the balance sheet date, taking into account the risks and uncertainties surrounding the obligation, Non-current provisions are discounted if the impact is material.

Disputed liabilities and claims against the company including claims by Taxation Authorities pending in appeals, are treated as contingent liabilities. Claims against the company are reduced by counter claims of the company in order to determine the contingent liabilities.

l) Statement of Cash Flows

Cash flows are reported using the indirect method, whereby profit/ (loss) before tax is adjusted for the effects of transactions of non cash nature and any deferrals or accruals of past or future cash receipts or payments. Cash flow for the year are classified by operating, investing and financing activities.

36 Earnings per share (EPS)

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the company by the weighted average number of Equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit attributable to equity holders of the parent by the weighted average number of Equity shares outstanding during the year plus the weighted average number of Equity shares that would be issued on conversion of all the dilutive potential Equity shares into Equity shares.

The following data reflects the inputs to calculation of basic and diluted EPS:

37 Gratuity and other post employment benefit plans (a) Defined benefit plan

(i) Gratuity

The Company has a defined benefit for gratuity. Every employee who has completed five years or more of service gets a gratuity on departure at 15 days salary (last drawn salary) for each completed year of service. The Company provides for the liability in its books of accounts based on the actuarial valuation.

The following tables summarize the components of net benefit expense recognized in the statement of profit and loss and the funded status and amounts recognized in the balance sheet for the respective plans.

The principal assumptions used in determining gratuity benefit obligations for the Company's plan are shown below:

	March 31, 2023	March 31, 2022
Discount rate	7.50%	7.25%
Increase in compensation cost	5.00%	5.00%
Attrition rate	-	-

The estimates of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Changes in the present value of the defined benefit obligation are as follows:

	March 31, 2023	March 31, 2022
Opening defined benefit obligation	3.05	3.02
Interest cost	0.22	0.22
Current service cost	0.46	0.35
Past service cost	-	-
Benefits paid	(0.60)	-
Re-measurement (or Actuarial) (gain) / loss	(1.16)	(0.54)
Closing defined benefit obligation	1.98	3.05
Current Liability	0.26	1.66
Non-Current Liability	1.72	1.39

A quantitative sensitivity analysis for significant assumption as at March 31, 2023 is as shown below:

Sensitivity Level	Discount rate		Salary growth rate	
	1% decrease	1% increase	1% decrease	1% increase
Increase/ (decrease) in defined benefit obligation	2.16	1.82	1.81	2.17
Sensitivity Level	Attrition rate			
	1% decrease	1% increase		
Impact on defined benefit obligation	1.96	1.99		

Sensitivities due to mortality are not material & hence impact of change not calculated.

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The following payments are expected contributions to the defined benefit plan in future years:

	March 31, 2023	March 31, 2022

(i) Claims filed by the Company.	110.88	110.88

Note:

a) Kotak Mahindra Bank Limited had charged an excess interest amount of Rs. 39 lacs (Approx.) from the company in settlement of its dues without allowing any discount on interest etc. No explanation for such excess interest charged has been provided by Kotak Mahindra Bank Limited. The company intends to apply to bank for refund of such excess interest charged and initiate legal action, if required, in due course. Such excess charged by the bank has already been expensed off. The same would be offered to tax in the year of receipt of such amount from Bank.

b) The Company had lodged a claim of Rs. 10,69,82,127/- with United India Insurance Limited for goods damaged in Ship MV Khalizia III, sunk near Mumbai, which was carrying the goods imported/purchased on high seas basis. On Rejection of the claim by the said Insurance company, the matter is now pending at National Consumer Disputes Redressal Commission for further adjudication. The amount also includes Rs.3,47,00,855, represent amount of bank guarantee encashed by the Order of High Court of Mumbai in favour of M/s SMIT Singapore Pte Limited, who had done the salvage work of the ship.

The Ld. National Consumer Dispute Redressal Commission (NCDRC) has rejected the claim of the company. The company, consequently, has already written off the claim recoverable of Rs. 10,95,22,127/-. The company has moved Civil Appeal No. 005027 of 2021 before the Hon'ble Supreme Court challenging the Order of NCDRC. The same would be offered to tax in the year of receipt of such claim from the Insurance Company and decision by the Hon'ble Apex Court.

c) The Company had settled its loan with SBI under SBI OTS 2020 Scheme, as per the settlement, SBI had charged an amount of Rs. 4.34 Crore Towards interest. However, no explanation for such interest charge has been provided. The company believes that the total outstanding amount has not been worked out correctly as per the OTS scheme, resulting in the excess payment to bank. The Company has applied to bank for review and refund of such excess interest charged from the company and plans to initiate legal action, if required, in due course for recovery of excess interest.

39 Direction by Hon'able Supreme Court of India for Forensic Audit on the Company

Hon'ble Supreme Court of India in the case of BIKRAM CHATTERJI & ORS. (Petitioner(s)) vs. UNION OF INDIA & ORS. (Respondent(s)) {Writ Petition(s)-(Civil) No(s). 940/2017} popularly known as Amrapali Case has directed the Forensic Audit of the Company vide its order dated September 6, 2018 and further re-directed at subsequent dates.

Consequent to the report of the Forensic Auditor undertaken as per the directions of Hon'ble Supreme Court of India to look into the transactions between Amrapali Group of Companies and Sureka Group of Companies, The Hon'ble Supreme Court vide its Judgement Dated 23.07.2019, reserved on 10.05.2019, has observed various liabilities qua the Sureka Group of Companies. Sureka Group of Companies including Jotindra Steel & Tubes Limited has filed Recall Application vide IA No. 127787 of 2019, which is pending hearing. In terms of the IA No. 127787 of 2019, it has been pleaded by Sureka Group that they have not been heard and they were appearing before the Ld. Forensic Auditors till 18.05.2019 and have submitted documents to the Ld. Forensic Auditors till 04.06.2019, although the Judgement was reserved by the Hon'ble Supreme Court on 10.05.2019.

During preliminary hearing on 14.10.2019, the Hon'ble Supreme Court directed the Sureka Group of Companies to deposit a sum of Rs.167 crores for the time being within 6 weeks, post which the Hon'ble Court agreed to hear the applications filed by Sureka Group.

In compliance to the Order Dated 14.10.2019 and further Order dated 02.12.2019, Sureka Group of companies has filed an application on 09.12.2019 before the Hon'ble Supreme Court giving its proposal to accept the title-deeds of immovable properties belonging to Sureka family members and associated companies (based on latest valuation report) worth amounting to Rs.208.31 Crores and after reducing the incumbency amount of Rs.39.34 Crores balance value of properties work out to Rs.168.97 Crores as security for the amount of 167 cr. Directed to be deposited by the Hon'ble Court. The sale deeds for the said properties were directed to be deposited with the Receiver vide order dated 18.12.2019 passed by the Hon'ble Court.

The application filed by the Director of the company against order dated 23.07.2019 and objections to the forensic report are pending adjudication and the decision on the said application, objections would determine the liability, if any, of the company in terms of the orders to be passed by the Hon'ble Supreme Court.

Meanwhile the company had appointed M/s. KRA & Company, a renowned Forensic Audit firm for providing a Fact Finding Report on agreed upon procedures and M/s. KRA & Co. has submitted its fact finding report, which substantiates the merits on the submissions by Sureka Group in their recall applications filed with Hon'ble Supreme Court.

The affairs of the above Amrapali group companies has been closed and the affairs of such companies are looked into by the Receiver appointed by the Hon'ble Supreme Court in pursuance of the Writ petition (Civil) No.940/2017, Titled Bikram Chatterjee & Ors. Vs Union of India & Ors.. However the Company believes that no amount is recoverable and this have written off the entire amount of Rs. 39,66,99,651/- during previous year. Any amount that would be recovered in the coming years would be offered to tax in the year of receipt. Summary of the amount is as follows:

42. Valuation of Land of the Company

The company had converted its land at Sector 45, Faridabad into stock in trade during the year 2018-19 and consequently recognised the capital gain on conversion of fixed asset into stock in trade during the year 2020-21 based on the Valuation report received from registered valuer.

Valuation of land as adopted vide Valuation Report Dated 16.03.2021 given by Mr. M.N. Bhagat is reproduced as below:

Clause 40: If sale instances are not available or not relied upon, the basis of arriving at the land rate.

Rates Fixed by the District Collector, for the year 2001-02

Details of Valuation	
Area of Plot	42622.25 Sq. Yard
Rate fixed by the Distt. Collector for the year 2001-2002	Rs.1800/ Sq. Yard.
Value as on 01.04.2001/year 2001-02	7,67,20,050
Value as on year 2018-19 (7,67,20,250.00 x 2.80)	21,48,16,140

The company has been carrying on Industrial/ commercial activity on the said land till FY 2014-15. The company thereafter decided to undertake group housing activity in the factory land and got it converted from Haryana Government from commercial/ industrial to residential in FY 2018-19

However, the land being converted into stock in trade, was falling under the Commercial Belt, between Sector 45 & Railway Line, having nature of Commercial Land in terms of the Final Development Plan, 2011 for Faridabad notified by the Government vide Reference No. 13/29/91-3CII Dated 11/12/1991. Accordingly, the company has taken fresh valuation from Mr. Gautam Akhauri, adopting the correct nature of land, being commercial during the year 2001-2002, as per the details appended below:

Clause 40: If sale instances are not available or not relied upon, the basis of arriving at the land rate.

Here market rate of this portion is not available in the circle rate copy provided by the registrar office for 2001-02. Circle rate of the nearby sector 46 for the commercial/ industrial land provided in the copy of circle rate of 2001-02 was Rs. 17,000/- per Sq Yard., But since rate is for the smaller commercial/ industrial plots, since here we are considering a large plot area so the market rate of the large land can be consider 40% of the rate i.e. 40% of Rs. 17,000/- or Rs. 6,800/- per sq. yards for the land at this location as on date 1st April 2001. Property at this good location i.e. opposite to the sector 45.

43 Other Legal Matters

State Bank of India has filed Original Application (OA) No. 72 of 2020 before the Ld. Debt Recovery Tribunal II, New Delhi against the partnership firm M/s. Ozone GSP Infratech, where the company is a 95% partner and have made the company a party to the said litigation, the company being the Coporate Guarantor to the Loan granted by SBI in favour of the firm. The said Term Loan was granted for construction of Group Housing Project being developed by the firm Ozone GSP Infratech and the said project suffered heavy losses and delays due to the unjustified and early recall of the Limits sanctioned by the State Bank of India against the sanction and therefore, the said Term Loan turned to NPA on 18.07.2019 for outstanding liability of Rs.19,47,62,469/-. The Company has filed Counter Claim amounting to Rs.30.97 Crores against the State Bank of India under the above said OA filed before the Ld. DRT II, New Delhi.

44 Operating segments

The management reviews the performance of their products line-up. However all the products are similar in nature. Thus, the management has considered aggregating all the products as one reportable operating segment. Accordingly, the figures appearing in these financial statements relate to the single operating segment.

The company operates in India and therefore caters to the needs of the domestic market. Therefore, there is only one geographical segment and hence, geographical segment information is not required to be disclosed.

45 Capital management

For the purpose of the Company's capital management, capital includes issued equity share capital and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximise the shareholder value of the Company.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company's policy is to keep the gearing ratio less than 55%. The Company includes within net debt, interest bearing loans and borrowings less cash and cash equivalents.

Particulars	March 31, 2023	March 31, 2022
Borrowings	218.69	216.76
Current maturities of long term debt	34.64	2.49
Interest payable	-	9.68
Less: Cash and cash equivalents	1.89	8.33
Net debt (A)	255.22	237.26
Total equity (including other equity)	608.31	349.66
Capital and net debt (B)	608.31	349.66
Gearing ratio [(A)/(B)]	29.56%	40.42%

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2023 and March 31, 2022.

Cash and cash equivalents	1.89	8.33	1.89	8.33
Other bank balances	41.97	43.07	41.97	43.07

b. Fair value of financial liabilities:

	Carrying Value		Fair Value	
	March 31, 2023	March 31, 2022	March 31, 2023	March 31, 2022
FINANCIAL LIABILITIES				
Financial liabilities measured at amortised cost				
Term loan from banks	201.91	20.17	201.91	20.17
Loan from Companies (related party)	-	143.09	-	143.09
Loan from Companies interest free	16.65	47.85	16.65	47.85
Loan from Directors (including previous director)	0.14	5.65	0.14	5.65

Trade payables	122.70	140.86	122.70	140.86
Other Current financial liabilities	14.09	17.38	14.09	17.38

The management assessed that cash and cash equivalents, trade receivables, security deposits, loans to related parties and others, trade and other payables and other financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

Security deposits-

The security deposits have been fair valued based by applying DCF method using a discount rate representative of the Company's current rate of borrowings. They are classified as level 2 fair value in the fair value hierarchy due to the inclusion of unobservable inputs, including counterparty credit risk.

Fixed rate borrowings -

The carrying value and fair value of fixed rate borrowings has been considered the same since the loans are for shorter period and interest rate approximates its fair value.

Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

Specific valuation techniques used to value financial instruments include:

- (i) the use of quoted market prices or dealer quotes for similar instruments
- (ii) the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

Financial risk management objectives and policies

The Company's financial liabilities comprise borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations. The Company's principal financial assets include security deposits, trade receivables, and cash and cash equivalents and other financial assets that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's management oversees the management of these risks. The Company's management reviews and agrees policies for managing each of these risks, which are summarised below.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. The financial instruments affected by market risk are its term loans from banks and financial institutions, foreign currency exposures and investments in mutual funds.

The sensitivity analysis in the following sections relate to the position as at March 31, 2023 and March 31, 2022

The sensitivity analysis have been prepared on the basis that the amount of net debt, the ratio of fixed to floating interest rates of the debt are constant. The analysis exclude the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations.

Assumptions made in calculating the sensitivity analysis - The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial liabilities held at March 31, 2023 and March 31, 2022.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's primarily has fixed interest rate loans, hence its exposure to the risk of changes in market interest rates shall not be material.

Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities. However the Company does not deal in foreign currency, hence the exposure is limited.

Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, security deposits and other financial instruments.

Trade Receivables

Customer credit risk is managed by each unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored for any expected default in repayment.

An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in the financial statements. The Company does not hold collateral as security.

Financial instruments and cash deposits

Credit risk from balances with banks is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by the Company's Board of Directors on an annual basis. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

The Company's maximum exposure to credit risk for the components of the balance sheet at March 31, 2023 and March 31, 2022 is the carrying amounts as illustrated in financial statements.
